The diagram shows a 5-bit shift register. The top row is labeled '5' and contains five empty boxes. Below this, there are three rows of five boxes each. The first row has a thick vertical line after the second box. The second row has a thick vertical line after the second box. The third row has a thick vertical line after the second box. Below the third row, the labels 'P', 'C', and 'R' are placed under the first, second, and third boxes respectively. The remaining boxes in the third row are empty.
